Mindful Chess:

Mindful Chess equips young people with both greater chess skills and concentration techniques to benefit all areas of their learning and development. Following working with one of Hong Kong's most prestigious chess schools, Scholastic Chess, we are now providing the same opportunities for children in London.

We consider making the learning experience a fun, enjoyable one to be fundamental to a student's progress. As one's passion grows so does the speed at which knowledge is retained and improved.

As the girls get older, there are more training sessions and fixtures available and Saturday Sport is also a great way to receive extra training.

At Senior Level, girls focus on tactics and strategies and compete in a regular fixtures programme. Training takes place before school, at lunchtimes and after school and girls are expected to commit to training if they want to represent the school regularly.
