

## 16+ Scholarships: Academic, Art, Drama, Modern Languages, Music, Sport & STEM

The Academic Scholarship (The Mary Tredway Award) is a 100% Scholarship for both years of Sixth Form studies. All candidates wishing to apply for The Mary Tredway Award (100% Academic Scholarship) will sit a General Scholarship Paper. The paper will challenge candidates to 'think outside the box' or to look at an issue from a different viewpoint. They will also be asked to give a 10-minute presentation on an intellectually engaging subject of their choice and answer questions based on their presentation from the panel.

Scholarships in Art, Drama, Modern Languages, Music, Sport and STEM are worth a discount of up to 20% of tuition fees and are awarded annually to successful internal and external girls with exceptional talent, dedication and potential. Successful candidates are required to study the subject-based scholarship at A Level. In the case of the STEM Scholarship, candidates would be expected to study at least two of the following A Levels: Biology, Chemistry, Computer Science, Mathematics and Physics.

All external applicants must complete the online scholarship application form by Friday 27<sup>th</sup> November 2020 and the registration form by Friday 4<sup>th</sup> December 2020. All candidates must submit a letter (written by the candidates themselves), accompanying their application form making a compelling case for why they are a strong candidate for a St Augustine's Priory Scholarship. Candidates are required to supply a copy of their predicted grades to the Registrar in January 2021 after they have completed their GCSE mock examinations.

### Internal candidates

Internal candidates are strongly advised to consult with the Head of Department as to suitability as a candidate before submitting their application. All internal candidates who apply will be called to assessment.

### Tenure

16+ Scholars are required to study the A Level(s) for the scholarship they have been awarded (except those who receive the Academic Scholarship). STEM Scholars must study two of the five available STEM subjects at A Level. Award winners are expected to fulfil prefect roles related to their scholarships.

Scholars will hold their awards until the end of the Upper VI.

Recipients of the Modern Languages Scholarship, who go on to study a modern language at university, will be given a small annual stipend for the duration of their undergraduate studies.

## Guidelines for the 16+ scholarship process

	Submit with application and letter	External candidates only	Prepare in advance of the assessment	Assessment Day
<b>Academic</b> <i>(The Mary Tredway Award)</i>		Examples of any academic achievements to date.	Choose an intellectually engaging topic. Research and prepare presentation.
